

Balloon Name: ReMax

Pilot: Lee Teitsworth

Address: Rochester, NY

Lee has grown up with balloons. Taking his first flight at 6 months old, he hasn't looked back: he took his first training flight at age 11, and at 19 years old, earned his private pilot certificate. Lee's home turf is the Finger Lakes region of New York, but he has had the pleasure of flying unique areas, including: Atlanta during the Olympics, the spectacular Niagara Falls, and even as a passenger on a flight that launched from Central Park. He continues the family tradition begun by his father Carroll, and now flies regularly as a commercial hot air balloon pilot.
